Have you ever been frustrated with the state of your youth ministry? You know that reaching teenagers is vital to your church but it's just not coming together. Millennial Influence can help you!

You may be a pastor exasperated with the continual revolving door of leadership in your youth ministry. Maybe you are a youth pastor who needs some encouragement, guidance and training. Possibly you are just hearing the call to serve in student ministry and you want some practical hands-on experience.

A Mentored Ministry Experience can help! In an MME, you'll have an experiential learning opportunity that will give you a solid foundation in youth ministry. Sponsor churches will gain assistance with their student ministry from a participant who has a call to serve students and is being coached by a seasoned professional student pastor. Learn youth ministry beyond the games, events, and Bible studies while developing relationships with others who are facing the same challenges.

Participants will form a ministry philosophy, recognize how youth ministry fits into the mission of their local church, how to relate with and resource parents, develop and lead adult volunteers, connect with and love students, and keep your focus on the One who called you to all this in the first place!
